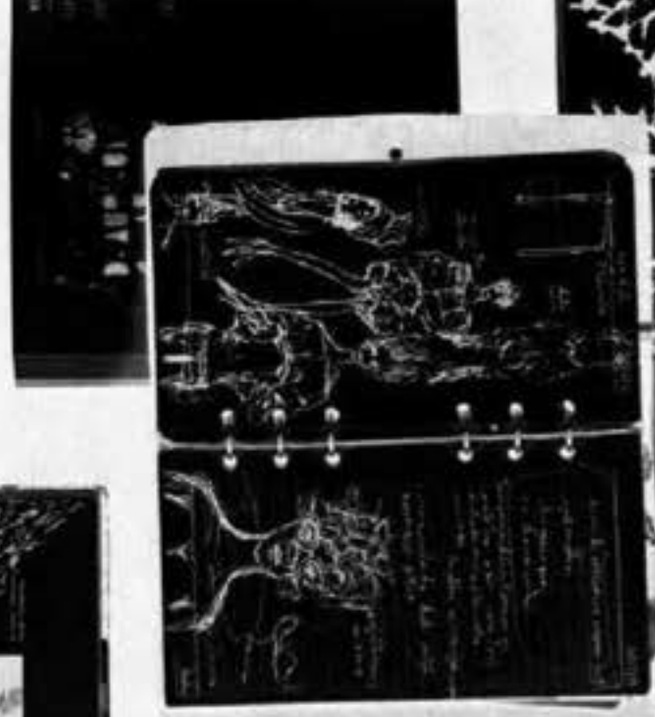
Packing List



Born in Bangkok

Just like Bangkok, Greyhound Café' offers a mixture of tastes in culture and art. From traditional to modern, from street to couture, from local to international, all mixed together in a ~~beautiful~~ beautiful chaotic way.

Greyhound Café' is not a traditional Thai Restaurant!
Our food concept is about adopting and adapting, mixing and matching, and in many cases - they are a mismatch!

Our recipes come from far and wide. Some were handed down from our grandmothers and some were thrown together after a refridgerator raid at midnight. Many are faithful reinterpretations of our favorites from the journey around the world.

And just like Greyhound's style; all dishes are simple and easy with a creative twist.

Bon Appetit!

humble Thai tea coffee goes West for Greyhound Cafe's Yoke Low Gram
al Coffee brewed to perfection is frozen and scraped then topped
ts of Condiments in an almost unrecognizable transformation.
