Whirlpool MAYTAG® COMMERCIAL LAUNDRY

THE REAL COMMERCIAL LAUNDRY

Save up to 30% of electricity

Inverter Drive Technology

The inverter drive technology is designed to provide better energy efficiency and longer motor life, allowing you to save up to 30% of electricity. It also enables the machine to gradually reach high extraction speeds easing wear and tear on components and extending the life of the washer beyond that of other commercial washing machines.

Save up to 44% of water usage

TurboWash™ System

Combines Maytag's exclusive new spray baffles and programmed tumble patterns to provide the optimum balance of cleaning power and water conservation. The baffles deliver the water directly where it's needed for maximum saturation with less water, cutting water usage up to 44 percent.
