

As Tiger Sky Tower gently rotates up to 131 metres above sealevel, start flashing out your cameras or sit back and relax in their-conditioned cabin to savour 360-degree panoramic views across Sentosa's famous beaches and attractions.

Be mesmerized by views of Singapore's cityscape and catch a glimpse of neighbouring Indonesia and Malaysia as well!

As Asia's tallest stand-alone observatory tower, it is a distinctivelandmark, soaring high above the surrounding lush greenery. Day or night, there is no better way to take in the breathtaking vistas Sentosa and Singapore have to offer.

You have not seen it all until you are at the top of Tiger Sky Tower!
