With its entrance located on the Pacific highway just 7 kms North of Coffs Harbour city centre, Opal Cove Resort commands an absolute beachfront position on the beautiful beach of Korora Bay. Just a few minutes drive from local tourist attractions in Coffs Harbour in Northern New South Wales.

The luxurious 4-star resort offers families, couples and conference delegates alike a chance to unwind in an almost perfect climate amidst the sub tropical surroundings of banana plantations and rainforest covered hills.

After a day conferencing, delegates are able to have a swim, play a leisurely round of golf on the resort's 9-hole golf course, have a hit of tennis or visit the resorts gym before the evening networking functions begin.

Keynote Speakers

ALLAN SPARKES

Inspirational speaker, writer and international yachtsman.

Allan Sparkes is one of only five Australians who have been awarded the Cross of Valour, Australia's highest bravery decoration and the civilian equivalent to the Victoria Cross. Allan's experiences have given him a unique insight into just what is important in your life. From enjoying the best that life can give, his life path suddenly changed and took him to the gates of hell. Allan's story is raw; it is candid,

at times emotional, and at times hilarious. Allan's story explains what he did to be able to turn around at those gates of hell and find his path back, to rebuild his life, his relationships, a career. Focusing on fundamental goals and creating new ones along the way were critical to his amazing successes. www.allansparkes.com

Allan Sparkes appears by arrangement with Claxton Speakers International

Dr. Joanna McMillan is a registered nutritionist with a PhD in nutritional science, she is currently a committee member of the Australian Lifestyle Medicine Association, a member of the Dietitians Association of Australia, The Nutrition Society and the Public Health Association of Australia.

Joanna has authored a number of books and is a popular media spokesperson and is a Nine Network regular, and has been with TODAY for 5 years. She writes a weekly

column for Sunday Life, is the nutrition expert for several ACP magazines, is a contributor to Body & Soul and is a regular guest on 2GB's Health and Wellbeing show. Joanna also operates a nutrition consultancy in Sydney's Eastern Suburbs.

Dr JOANNA McMILLAN

ANDY GENT

Andy Gent is leader in the area of social media and translating what this means to businesses as consumers rapidly adopt this new media for communication. He is a passionate speaker on harnessing the power of social media as business information and how this can lead to a competitive edge for those businesses that choose to embrace the opportunity. Through his work he has a global view of the latest developments in this space and delivers succinct insights that are digestible and simple to implement for all types of organisation.

In his professional career Andy has founded and lead number of fast growth businesses, initially in the human capital sector and more recently within technology. He is currently the director of two technology businesses and in addition to being a seed investor in BuzzNumbers also holds the role of CEO.

Craig has over 20 years experience working where the future has been created – with some of the most innovative companies in the world in the IT, consumer electronics, internet and broadcasting industries. In fact, Craig got his start much earlier than that - teaching adults about technology and trends from the age of 10!

Craig has addressed audiences from 15 to 3,000 on 5 continents and has consulted with CEOs of leading companies worldwide. Some of his clients include: Apple, Phillips, IBM, GE, Canon, Coca-Cola, Mercedes-Benz, Symantec, and Disney.

CRAIG RISPIN

GEOFF HEYDON

Geoff has over 35 years of telecommunications experience. He has held a number of senior positions across Asia Pacific marketing and business/market development, supporting IP based broadband transformation and application advancements into the Digital Economy across the region.

Prior to his business development role with the CSIRO ICT Centre, focused on the Australian Centre for Broadband Innovation (ACBI), he was well known as one of Alcatel-Lucent's "futurists", an expert and regular commentator on

the high speed broadband enabled services, applications and new "digital economy" business models emerging globally.

Geoff regularly engages with and consults to various government agencies and other industry sectors in areas including the Digital Economy, Retail Service Providers, the NBN, broadband (fixed and mobile), convergence, the media, telecommunications regulation and policy. He also holds a number of board and advisory board positions.
