

## Collaborate | Innovate | 2013

**Date: 15-17 May 2013**

**Location: Melbourne Convention and Exhibition Centre, Australia**

Collaborate Innovate 2013 will address *Impact through Collaboration* by focusing on collaboration at a personal, organisational and global level. More and more we are coming to realise that innovation is becoming the corner stone of success across major sectors of business, industry, community and government, but collaboration is where the real impact lies. For this reason, Conference sessions and workshops are designed to bring about change, not only in the way we think about and process problems, but in our approach to overcome challenges within our organisation, our communities and our world.

### CONFERENCE SNEAK-PEAK: Day 1

### Tour of the Australian Synchrotron

Collaborate Innovate 2013 will commence with a tour of Australia's largest national research facility, the Australian Synchrotron. Visit this state of the art research centre and learn about the use of extremely bright x-rays (very energetic light) and infrared light that can be used to study a diverse range of materials and processes in great detail!

This tour is available for registered delegates only and spaces are limited!

### Conference Workshops

The theme *Impact through Collaboration* will facilitate numerous conversations around the important and challenging internal and global issues we face today. These intensive role-based workshops are intended to allow delegates to meet with their CRC peers to focus on internal CRC Program challenges and to share information and experience across CRCs

Delegates can register to attend Conference workshops being held on Wednesday 15 May 2013:

- 12:30pm - 3:30pm Chair/CEO Workshop
- 12:30pm - 3:30pm Business Manager Workshop
- 12:30pm - 3:30pm Education/Communications Manager Workshop
- 12:30pm - 3:30pm Research Program Manager Workshop

NEW WORKSHOPS ANNOUNCED:

- 10:00am - 12:00pm Innovativity Workshop - No extra charge
- 9:30am - 2:15pm Master Entrepreneur Workshop - \$250.00

When registering for these workshops please be mindful of the session times.

---

## Wine Tasting Event

From the success of the wine tasting event this year in Adelaide, FAL Lawyers, a client-focused law firm specialising in research, innovation and associated sectors, will generously be hosting the wine tasting event again in 2013. Being held at The Bridge South Wharf, entry into this Wine tasting event is strictly limited to the first 50 delegates only! Hurry, tickets are almost sold out!

---

Don't miss out on these great events!
