## Save the Date!

The 2013 meeting will be held in Cairns, tropical north Queensland, Australia. Situated where two World Heritage areas meet (the Great Barrier Reef & Rainforests). A full week has been booked for our meeting plus two associated meetings. The week begins on Sunday Aug. 25 with the annual Australian Cancer Genetics meeting (KConfab), which runs to Tuesday Aug. 27. The Human Variome Project will conduct a crossover meeting with InSiGHT on Wednesday Aug. 28 & InSiGHT will convene on Thursday Aug. 29, concluding on Saturday Aug. 31. Cairns has direct international flight connections. Once there, many opportunities for exploration, adventure & relaxation await – & that's not just the conference proceedings! We invite you to place the dates in your diary now.

Prof. Allan Spigelman – Chairman Elect  
Prof. Finlay Macrae – Secretary, InSiGHT

## Access

Cairns international airport has direct flights from Asia & Europe & is linked to North America via all major Australian cities.

## Accommodation

We will arrange special conference rates at a number of nearby quality hotels to suit all tastes & budgets.

## Location & Venue

Cairns is a diverse, modern & colourful tropical city, home to the award winning Cairns Convention Centre & many other attractions; it is the gateway to the Great Barrier Reef undisputed as one of the world's most important natural assets with over 2,800 individual reefs and 616 islands. The wet tropical rainforest which surrounds Cairns is one of the most diverse & beautiful examples of Mother Nature. It is home to the largest range of plants & animals & the oldest rainforest on earth.
