

The Sustainable, Renewable & Energy Efficiency Convention

If you're a contractor or professional in the Electrical, Renewable Energy or Electricity Supply Industries, then attend this Friday afternoon convention with topics designed to give you the edge in your business

ATTEND THIS HALF DAY CONVENTION WHERE YOU WILL:

- >> Learn how to expand your business services and add value to existing customers
- >> Hear about the latest trends and technology, sustainable initiatives and energy efficiency programs
- >> **Workshop** various topics to learn about the various funding schemes, technology and compliance issues in the industry
- >> **See** various industry exhibition displays showcasing products, technology and schemes
- >> **Collaborate and expand** your industry network at the afternoon drinks or the Rockwiz themed "Rock Your Rollout" Gala Dinner

Find out what's happening in the sustainable community

Where: Crown Conference Centre, Promenade Room, Melbourne
