Corporate Partner

**253** million visually impaired  
2.53億人視力受損

**80%** cured or avoided  
當中八成的個案是可以治療的

全球有數以百萬人因缺乏護眼知識和沒有適切治療而失明。奧比斯希望聯結各方力量，為專業醫護人員傳授知識，致力改善各地的眼科醫療體系，促使政府衛生部門及決策者全力掃除盲疾。敬希 貴機構加入「救盲伙伴計劃」將光明希望帶到世界各地。

Every day, countless thousands worldwide are condemned to blindness purely because they cannot access the kind of basic eye care and medical services we Hongkongers take for granted. To assist the poorer nations most affected by this tragic imbalance, Orbis is bringing the cream of the world's ophthalmic community together to train healthcare professionals and expand eye healthcare systems. In doing so, we are doing our utmost to convince people, their governments and global policymakers that fighting blindness is crying out to be a top priority. We respectfully urge your organization to join our "Corporate Partner Program" and make vision a reality for millions of people worldwide.
