

MAGNETIC RESPONSIBILITY CHART

Helps teach and reinforce the importance of responsibility and promotes a sense of accomplishment.

USING YOUR RESPONSIBILITY CHART

- Discuss with your child what a responsibility is. Talk about what some of your responsibilities are before discussing what responsibilities and behaviors you expect from your child.
- Assist your child in setting up the chart for the coming week. Place the responsibility and/or behavior magnets that you would like your child to accomplish for that week under the RESPONSIBILITY/GOAL heading.
- When you agree that your child has accomplished a goal, he/she may select a favorite reward magnet and place it under the day when the goal was completed.
- Establish an additional reward or treat that your child will receive if he or she obtains a specified number of magnets in a given week.

AGES 3+

All Melissa & Doug products are carefully crafted by hand, using non-toxic coatings, and meet or exceed all U.S. toy testing standards.
