We all come from the sea, but we are not all of the sea. Those of us who are, we children of the tides must return to it again and again. Until the day we don’t come back leaving behind only that which was touched along the way – Chasing Mavricks
Penghu or Pescadores Islands are an archipelago of 90 islands and islets in the Taiwan Strait covering an area of 142 sq kilometers (54 sq mi). The largest city is Magong, located on the largest island, which is also named Magong.

The traditional English name of the islands, the Pescadores, comes from the Portuguese name Ilhas dos Pescadores ("Fishermen Islands").

The Penghu National Scenic Area was established in the early 1990s, comprising most of the islands and islets of the archipelago. Tourism has since become one of the main sources of income of the county.

Historical sites include Central Street, Mazu Temple, Four-eyed Well, Qimei Lighthouse, Siyu Eastern Fort, Jinguitou Fortress and Siyu Western Fort. Museums in the county are Chuwan Crab Museum, Ocean Resources Museum, Chang Yu-sheng Memorial Museum and Penghu Living Museum. Other attractions on the county include the Double-Heart of Stacked Stones, Little Taiwan, Whale Cave, Xiaomen Geology Gallery and South Penghu Marine National Park.

Since 1 January 2015, tourists from Mainland China can directly apply for the Exit & Entry Permit upon arrival in Penghu. This privilege also applies to Kinmen and Matsu Islands as a means to boost tourism in the outlying islands of Taiwan.
MEETING TIME AND LOCATION

On the evening of Day 1 and the morning of Day 2, passengers will be able to purchase any alcohol and beverages for the week as well as any last minute personal provisioning. Please text your captain if you have any travel delays. It is recommended ensuring connectivity to a messaging service such as iMessage, Viber, Line, Wechat, Whatsapp, or SMS until you reach the boat.

AIRPORT AND TRANSPORTATION

There are direct flights into Kaoshiung International Airport as well as Taipei International Airport. It takes approximately 2hrs via express train to get from Taipei International to Kaoshiung. There are also buses that will get you to Kao Shiung from Taipei International in approximately 6 hours. From Kaoshiung airport to the Expo Center is approximately 30mins by car. Taxis are readily available outside the airport.

PASSPORTS AND VISAS

It is the responsibility of each individual to ensure relevant visas are obtained where necessary. Please ensure your passport is valid for the period of travel and for six months after you return with at least 3 blank pages for visa stamps. Your passport name must match the name on the flight ticket otherwise you may not be able to travel and insurance may be invalid.

CURRENCIES / MONEY EXCHANGE

The local currency is the Taiwan Dollar (NT). Visa and MasterCard are also accepted in most places. ATMs can be found at the airport and throughout the island but it is recommended that you travel with the necessary cash. Most small restaurants and shops do not accept credit cards, so it is best to have local currency available for making purchases.

WEATHER

Penghu basks in a sub-tropical maritime climate. Rainfall is moderately low for tropical islands. Scattered showers are common throughout the year, but all day rain is very rare. There is little seasonal variation in temperature during the year with relatively mild winters. Wind speeds during the north east monsoon in the winter months are often in the 30 – 40 knts range. Summer month winds are much milder and makes for easy sailing. Brief rain showers can be frequent so please bring a light raincoat.
Upon arrival, you and your team can head to a nearby supermarket to stock up on healthy, fresh and flavorful local foods and produce from the region. Most of the anchorages we are staying overnight at have shops and restaurants that you can purchase food, so if you do not plan to cook, all meals can be taken on shore. Do plan to have plenty of non-perishable snacks as well as fresh fruit to stay hydrated during the trip. Sometimes we may arrive late at our anchorage, so it is best to have something on board to eat in the event of a late lunch / dinner. Breakfast is best prepared on board as we may want to sail out each morning early and will not have too much time to head to shore for breakfast. Cooking utensils as well as crockery and cutlery are available on the boat.

Recommended spending for the week, $200 - $300 per person, varying on your spending habits. Provisioning for alcohol and soft drinks $50-100 average per person. All expenses on shore including meals and drinks are not included in the charter fee.

Life aboard our journey is uncomplicated so it is recommended packing appropriately. Collapsible bags in place of large rigid suitcases are advised for ease of transport on and off the boat. Island attire is very casual at all times so we recommend packing light and embracing the simple life.
