Thermal imaging – ECCN 6A003

## Examples of Export-Controlled Products

Rifle scopes – ECCN 0A987

Military rifle scopes and thermal weapon sights - ITAR

## Examples of Export-Controlled Products

Optical sights for firearms– ECCN 0A987

## Examples of Export-Controlled Products

Handcuffs and restraints– ECCN 0A982  
Body armor – ECCN 1A005

## Examples of Export-Controlled Products

Accelerometers– ECCN 7A001 & 7A101

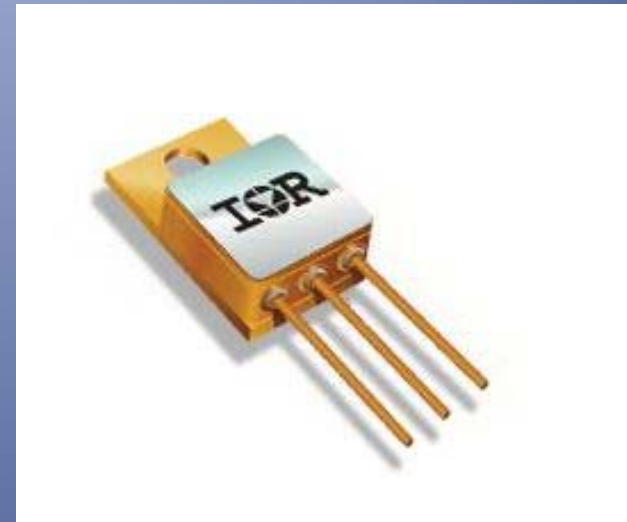

## Examples of Export-Controlled Products

Inertial Reference Units – ECCN 7A003 & 7A103

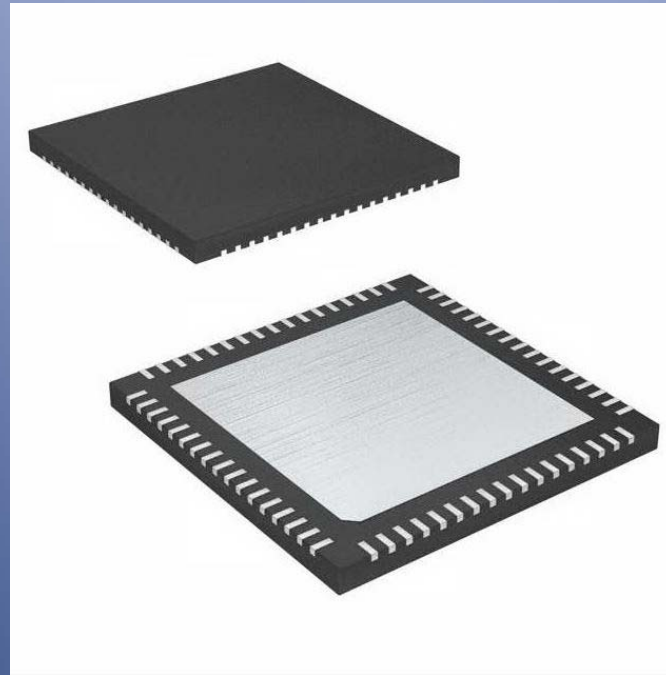

## Examples of Export-Controlled Products

Electronic components  
FPGAs and MOSFETs – 3A001

## Examples of Export-Controlled Products

Electronic components  
Analog to Digital converters – 3A001

## Examples of Export-Controlled Products

Network equipment with certain encryption capabilities– ECCN 5A001

## Examples of Export-Controlled Products

Oscilloscopes– ECCN 3A002 & 3A992

## Examples of Export-Controlled Products

Detection and Protective equipment designed for chemical warfare or biological agents– ECCN 1A004

## Examples of Export-Controlled Products

Boron powder– ECCN 1C011

## Examples of Export-Controlled Products

QRS11 Angular Rate Sensor– ITAR
