Independent Auditors' Report

To the Members of M/s. Bharti Airtel Sierra Leone Holdings B.V., Netherlands

Report on the Financial Statements

We have audited the accompanying financial statements of **Bharti Airtel Sierra Leone Holdings B.V.** ("the Company"), which comprise the Balance Sheet as at March 31, 2015, the Statement of Profit and Loss, the Statement for Cash Flow for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's management is responsible for the preparation of these financial statements that give a true and fair view of the financial position and financial performance of the Company in accordance with the Indian GAAP. This responsibility also includes maintenance of adequate accounting records for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Chaftered

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Standards on Auditing issued by the Institute of Chartered Accountants of India (ICAI). Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's management, as well as evaluating the overall presentation of the financial statements.

HEAD OFFICE: B-17, Maharani Bagh, New Delhi- 110065 Tel.: +91-11-26847416, 41551155, 26842255

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give a true and fair view in conformity with Indian GAAP, of the state of affairs of the Company as at March 31, 2015, its results of operations, and its cash flows for the year ended on that date.

Notes to Financial Statements

1. Corporate Information

Bharti Airtel Sierra Leone Holdings B.V. Limited ('the Company'), incorporated on Jan 13, 1998, is registered in The Netherlands and having its registered office at Keizersgracht 62-64, 1015 CS Amsterdam, The Netherlands.

The Company forms part of the Bharti Airtel Group of companies. The immediate parent company is Bharti Airtel Africa B.V. The Company is ultimately owned by Bharti Airtel Limited ('the holding company'), a company incorporated under the laws of India.

The activities of the Company mainly consist of providing holding and finance services, including management services.

2. Basis of preparation

These special purpose financial statements of the Company have been prepared in accordance with the generally accepted accounting principles in India (Indian GAAP). The financial statements have been prepared to comply in all material respects with the accounting standards issued by the Institute of Chartered Accountants of India. The financial statements have been prepared under the historical cost convention, on a going concern and on an accrual basis. The accounting policies have been consistently applied by the Company and are consistent with those used in the previous year. These financial statements are not statutory financial statements, and accordingly do not include all the disclosures required under the Companies Act, 2013 read with General Circular 8/2014 dated April 4, 2014.

The Company's financial statements are presented in United States Dollars (USD), which is also the Company's functional currency. Amounts less than USD 1 thousand has been shown as "0".

3. Summary of significant accounting policies

3.1 Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting year. Although these estimates are based upon management's best knowledge of contract events and actions, uncertainty about these assumptions and estimates could result in the outcomes

Notes to Financial Statements

requiring a material adjustment to the carrying amounts of assets and liabilities in future periods.

3.2 Investments

Investment, which are readily realisable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as non-current investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current Investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Non-current investments are valued at cost. Provision is made for diminution in value to recognise a decline, if any, other than that of temporary nature.

On disposal of investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

3.3 Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the consideration received/receivable, excluding discounts, rebates, value added tax ('VAT') and other taxes and duties.

(i) Management fees

Revenue on account of management fees is recognised as the services are rendered.

(ii) Interest income

Income on account of interest is recognised on an accrual basis.

3.4 Foreign currency translation

Initial Recognition

Jh

Notes to Financial Statements

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

Exchange Differences

Exchange differences arising on the settlement of monetary items or on restatement of the Company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expenses in the year in which they arise.

3.5 Provisions and contingencies

Provisions are recognised when the Company has a present obligation as a result of past event; it is more likely than not that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability. Information on contingent liabilities is disclosed in the notes to the financial statements, unless the possibility of an outflow of resources embodying economic benefits is remote.

The company forms a fiscal unity for corporate income tax purposes with Bharti Airtel Africa B.V. as of 8th

Jh

Notes to Financial Statements

June 2010. Under the Tax Collection Act, the company is jointly and severally liable for the taxes payable by the group.

3.6 Earnings / (Loss) Per Share

The earnings / (loss) considered in ascertaining the Company's Earnings / (Loss) per Share ('EPS') comprise the net profit / (loss) after tax attributable to equity shareholders. The number of shares used in computing basic EPS is the weighted average number of shares outstanding during the year. The diluted EPS is calculated on the same basis as basic EPS, after adjusting for the effects of potential dilutive equity shares unless impact is anti dilutive.

3.7 Segmental Reporting

a. Primary segment:

The Company operates only in one business segment viz. management services, which is the only reportable segment.

b. Secondary Segment

The Company has operations serving its subsidiaries only in Africa.

3.8 Taxes

The company forms a fiscal unity with its parent company. A Consolidated tax return is filed in which the parent company accounts for the Dutch tax implications of the group.

3.9 Employee Cost

During the year 2014-15 the company had no employees, and hence incurred no wages, salaries or related social security charges, nor during the previous period.

3.10 Cash and Cash Equivalent

Cash and cash equivalents includes cash in hand, bank balances and deposits held at call with maturities of less than 3 months.
