12.2 Announcement of Results:

The entrance examination results will be available on the university website - www.vit.ac.in

12.3 Equating Methodology:

Equating is a statistical process that is used to adjust scores on test forms (that are approximately equivalent) so that scores on the forms can be used interchangeably. Thus, equating is

used to adjust scores of candidates who have taken different forms of a test, in order to facilitate meaningful and fair comparison for merit list and ranking of these candidates. The statistical procedure of Equipercentile Equating would be used by VIT to identify the percentile ranks for candidates, such that scores on different forms with the same percentile rank are considered to be equivalent. Thus, Percentile Rank is a unique and invariant position of the test taker in that group. A percentile Rank, say 90 Percentile Rank denotes that there are 90 percent of test takers who have scored below this score level and 10 percent above this test score. Candidates are advised not to make assumptions and predictions of their score or rank based on their own estimates of raw scores.

Since it is a CBT utmost care will be given for the valuation process. Hence there will be no revaluation of the answers.

13. Scholarship under “GV School Development Programme” (GVSDP)

Performance	Scholarship*
Toppers of each State Board and Central Board	100% Tuition fee waiver for all the four years.
VITEEE rank holders of 1 to 50	75% Tuition fee waiver for all the four years.
VITEEE rank holders of 51 to 100	50% Tuition fee waiver for all the four years.

14. Tuition and Special Fees

Please refer our website www.vit.ac.in

15. Counselling Procedure

15.1. Advance Payment:

The selected candidates will have to submit a DD for ₹50,000/- in favour of ‘VIT University’, payable at Vellore, on the confirmation of seat and acceptance of branch allotted. This includes ₹12,000/- (Inclusive of GST) towards counselling process fee. **Counselling process fee is NON-REFUNDABLE**, but will be adjusted in the tuition fees once the candidate joins the University.

15.2. Counselling procedure for allocation of seats/ branch:

The counselling for allocation of branches to the short-listed candidates is based on their All India Rank (AIR) in VITEEE-2018. A candidate may obtain this information on our website or by calling the VIT office, a day after the declaration of the results of VITEEE-2018.

The intimation regarding counselling dates will be displayed in the VIT website. SMS will also be sent to the qualified candidates after the declaration of the results. A Common selection and Admission procedure will be followed through single window counselling for all the **B.Tech programmes offered in all the campuses of VIT University**. Candidates

who have been shortlisted for counselling should also attend the same, in person.

To take care of possible absentees, the number of qualified candidates is kept more than the number of seats available in VIT University. The fact that a candidate has qualified in the VITEEE-2018 and has been called for the counselling does not guarantee admission to him / her. This depends upon the candidate’s All India Rank (AIR) in the entrance examination and the availability of seats.

Details of the various branches offered under the B.Tech programme in the current year, the total number of seats allocated for each branch at the time of counselling, the number of seats still available will be displayed at the counselling centre to enable the candidates to make their choice. Based on the availability, the candidate will be allotted the branch.

VIT is in no way responsible for information regarding counselling not reaching the candidates. They should check the VIT website: www.vit.ac.in for information about counselling. No change of date/time of counselling is permissible. If a candidate does not personally appear before the Admission Committee for counselling on the date specified, his/her seat shall be offered to the next candidate in the order of merit.
