4. Important Notes

- **Certified English proficiency** : Because English is the language of instruction at GIST, applicants are required to submit an official English test score as part of their application. Applicants who hold a bachelor's degree or higher from a university or institution physically located in Australia, Canada, Ireland, New Zealand, the UK or the USA may be exempted from this English requirement with prior approval from GIST.

In general, the minimum TOEFL score required for GIST graduate programs is 80 of IBT, 550 of PBT. We also accept the score of IELTS, TOEIC and TEPS(Test of English Proficiency developed by Seoul National University). The minimum score for acceptance is 6.5 of IELTS, 750 of TOEIC and 285 of New TEPS.

- **conditional admission** :

Applicants from countries that do not hold official English tests(TOEFL, IELTS, TOEIC or TEPS) or

or other applicants for whom it is not possible to take such tests owing to unavoidable circumstances, such as schedule conflicts or excessive economic burden, may apply without official English test score as a conditional admission.

Conditional admission requires applicants to submit documentation related to English proficiency issued by the President or the Dean of the last school attended. There is no specific form of the certificate of English language proficiency, but it must indicate that the medium of instruction was English.

Successful students admitted to GIST with conditional admission due to unavailability of official English test results must, within 6 months from the date of admission, submit official English test results that meet the application criteria of GIST. These results should be sent to the Section of Admissions and receive approval from our Academic Affairs Review Committee. Any persons who have been conditionally admitted to GIST, but fail to fulfill the requirements stated above, will automatically be removed from the school register 6 months after the date of admission.

We strongly encourage you to take an official English test and submit the score result when you apply to GIST graduate school. Some Embassies of the Republic of Korea may ask you to submit the official English test score for visa application.
