PRESS RELEASE

KewMann is One of the Members of Quest Venture Vietnam Global Innovation Alliance

Singapore, 22 Jul 2020 – KewMann, a data and behavioural science company in Asia that acquires, analyses and applies data to predict and influence human behaviours, has been selected to be part of the Quest Venture Vietnam Global Innovation Alliance.

Quest Ventures is a leading venture fund for companies that have scalability and replicability in large internet communities and they are conducting this program to accelerate access to Southeast Asia's hottest economy. The purpose of this alliance is to position startups for success in Vietnam through mentorship, business matching, and support in navigating its business landscape.
