

www.visiondisplay.com

Vision Display was officially born in 2000. We have a history and legacy within the signs and graphics printing industry that stretches back over 20 years, combining a total of 24 years of experience.

Currently, Vision Display is one of the super wide format printers in Singapore, with contracts all throughout South-East Asia. We specialize in digital printing in any format and in any quantity. We have the expertise and the necessary infrastructure to carry out advertising campaigns and events. We offer digital printing, finishing and ready to use advertising solutions systems such as large-format print advertising (banners, mesh, posters), billboards, flags, banners, textile and many others.

“Based on many years of experience and a passion for print, constantly searching for new solutions and introducing innovative technologies, we’ve been dynamically developing, printing for you for over 20 years.”

MISSION

Our mission is to be Asia's most customer-centric B2B company. Our actions and goals begin and end with the customer top of mind. We focus on delighting our customers - that's why we make smart and fast decisions.

We endeavour to make our customers' lives easier by providing them end-to-end ideation to fabrication services.

VISION

Working hand-in-hand with our mission, we envision to be the Asia's leader in full-house visual design and production company for retail and public sector agencies.

Our services are not limited to printing but also retail visual design & merchandising, retail & out-of-home advertising, events design & props fabrication and warehousing and storage.

CORE VALUES

Respect

We value and respect individual expression and opinion.

Integrity

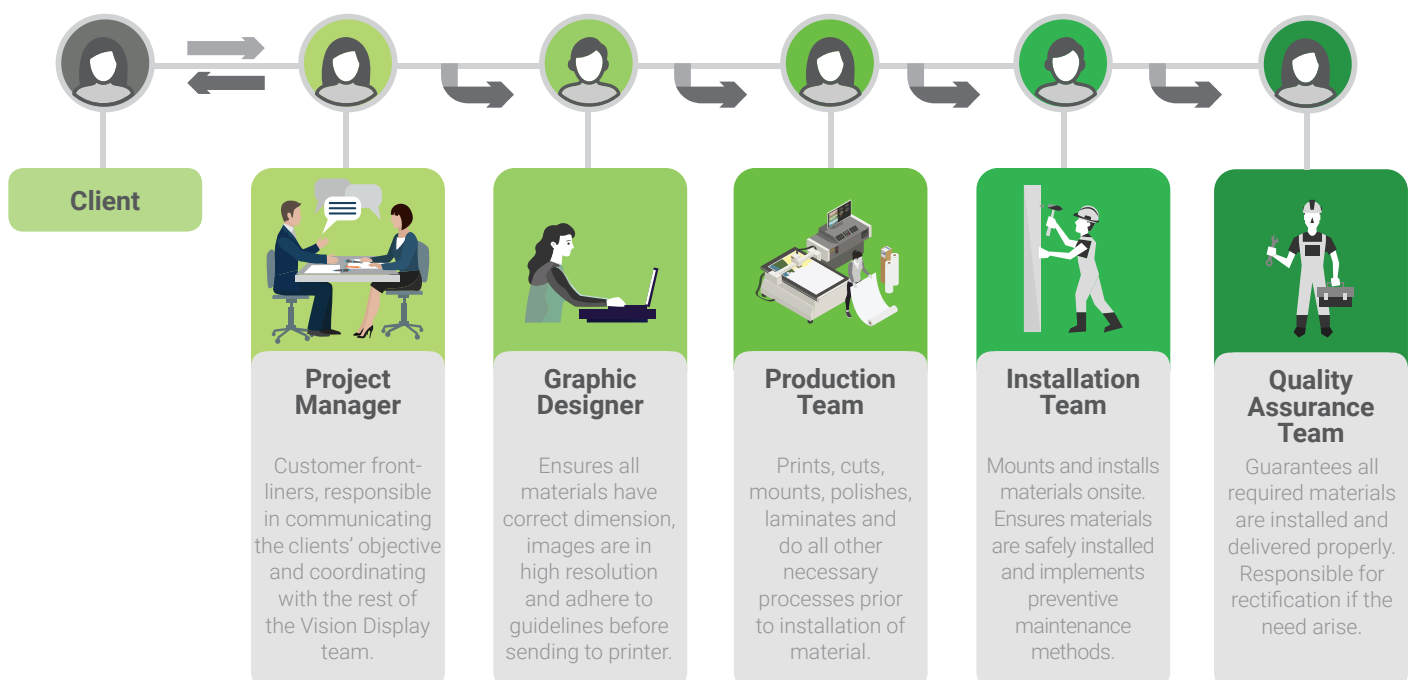

We are committed on being ethical and trustworthy.

Accountability

We accept full responsibility for our actions.

WORKFLOW PROCESS

Our workflow process enables our team to increase productivity, reduce errors and remain consistent in delivering projects on time.
