

Post Show Report 4th DHAKA INT'L LIGHTING EXPO 2022

International Convention City Bashundhara
Dhaka, Bangladesh

CEMS-Global, having a reputation as a Multinational Exhibition organizer has presented the '4th DHAKA INTERNATIONAL LIGHTING EXPO 2022' in Dhaka and as the premier International exhibition on lighting control, intelligent system, LED technology and lighting, lighting engineering, lighting design and intelligent lighting, etc. in Bangladesh. A wide range of lighting technologies and components for commercial, industrial, residential and urban applications were presented in the Expo. The Government of Bangladesh has also encouraged Lighting energy saving products and has also previously declared the Light Engineering Industry as one of the most priority sector in the country. So, this expo was a perfect B2B networking platform to target the Lighting industry of Bangladesh and launched new products, expanding market and sales with important buyers and form strategic partnerships with Local Importers, Agents and retailers.

Bangladesh's had world's seventh fastest growing economy with a rate of 7.3% real GDP annual growth in recent years. The financial sector of Bangladesh is the second largest in the subcontinent. The lighting sector in Bangladesh has consistently boomed over the years, and one of the major contributing factors to this is the large domestic market demand. It is seen that export of this sector has been growing over the years. The SME Foundation has identified 31 light engineering clusters located in 18 districts of Bangladesh with about 7,500 enterprises. In the Industrial Policy 2016, Light Engineering sector has been considered as one of the Highest Priority Sectors. Several facilities, including cash and investment incentives, would be provided to facilitate the Light Engineering sector of Bangladesh.

Bangladesh is urbanizing fast. By 2030, 48% of the population will live in towns and cities. Most will be young, energetic and digitally connected. They will be agile, receptive to new ideas and look for new ways of creating wealth. The country is quickly moving to a high-value, knowledge-intensive society. This involves people have taken risks and faced challenges by becoming more innovative and adopting newer technology. It is time that global investors, invest in Bangladesh in areas like, light engineering and electronics. Furthermore, At least 300 light engineering industries are spread across Jessore. Thus, investing in this growing sector must be recognized as a good decision.
