

The Benefits of Implementing Our Primary Source Verification Solutions:

About Us

The DataFlow Group undertakes hundreds of thousands of immigration compliance screening and verification service transactions for professionals each year on behalf of various organisations worldwide including:

- Government organisations
- Quasigovernment organisations
- Regulatory organisations
- Large multinational organisations

The DataFlow Group partners with clients across the public and private sectors to assist them in mitigating potential risk by exposing fraudulent:

- Education degrees
- Employment certificates
- Practice licenses
- Work permits
- Passports
- Other personal, academic and professional documents

Out of the half a million cases we completed between March 2014 - Feb 2017, 13,836 were marked as 'Negative' - where at least one component check returned a discrepant or negative result

The DataFlow Group utilises cutting-edge technologies and leverages an expansive network of over 60,000 issuing authorities throughout more than 200 countries and territories to liaise with primary sources and verify the authenticity of documents submitted by candidates, in accordance with global industry best practices and Joint Commission International (JCI) guidelines
