LUMINOUS
Khushiyon ka ghar
THE EXQUISITE COLLECTION
2019
At Luminous, we understand that you don’t want interruptions, especially when you are living a moment. That’s where our 3 decades of expertise lies. With your needs in the centre, we constantly strive to design products that not only deliver to your power back-up needs but also delight you in more than one way.

Our expertise in Power Back-up Solutions, Home Electrical Solutions & Solar Products has enabled us to come up with world class products. Luminous fans have been delivering delight to the consumers with constant innovation, refreshing designs and original style. Making Luminous the foremost choice of discerning customers.

We operate in more than 36 countries, our employee base is of 6000, more than 60,000 channel partners and millions of customers place their trust on us. That’s why when you bring home a Luminous, a compliment follows.
At Luminous, innovation is always in the air. All our fans come with top-of-the-line technology and powerful performance. With features like 100% corrosion-free aluminium blades our fans withstand all weather conditions. Their unique stators fitted with hi-perm steel stampings and 99% pure electrolytic-grade copper-wired windings guarantee low watt consumption and high efficiency. Designed for noise-less operation and longer life, our ceiling fans are fitted with pre-sealed, pre-greased ZZ-precision ball bearings.

What’s more, the secondary safety device in the hanging system make these fans one of the safest in the industry. The compact in-house designed electronic circuits ensure optimum speed regulation and luminosity in our LED fans. Along with this, aluminium-pressure die-cast top and bottom covers result in lower temperature rise and higher durability. With all this and more, our fans are truly a breath of fresh air.
BEAUTY THAT EMBODIES THE WORLD.

We all love exploring new cities and architecture. Getting inspired from this passion of ours, we at Luminous thought of imbibing your home with the unique design of incredible architectures. Our fans embodies the rich heritage of different monuments from different cities across the globe. These fans are not just an electrical device but a décor to beautify your home.
JAIPUR
The range reflects rich history and culture of the majestic city of Jaipur.

NEW YORK
A rare blend of modernism and flair that comes through in this theme inspired by the city that never sleeps.

LONDON
Classical elegance embodying the aristocratic heritage of London, making them a truly royal addition to your home.

RIO
The vibrant, electric city of Rio comes alive in this range that truly symbolize its pulsating energy in every way.
It’s from all over the world. It’s out of the world. The spectacular Signature Collection of ceiling fans brings an international ambience to your doorstep. Get ready to welcome the world to your home with these fans that embody the finest experiences of some of the most charismatic cities from across the globe. It’s time to indulge. It’s time to give your home a new personality.
NEW YORK

Modernity meets luxury in this trendy range influenced by New York. Bring home the iconic spirit of this city with these fans that display a unique combination of chic style and cosmopolitan flair.
True to its name, Manhattan range has the most attractive, still sober looking fans. These fans create a perfect ambience for a typical Manhattan night out.

New York Tiffany is the sleekest fan in India. The fan is powered by a BLDC (Brushless Direct Current) motor which makes the fan voltage fluctuation proof and it consumes over 50% less power. The design of the fan is inspired by the modern minimalism seen in the architecture of New York.
A hard shell that mimics pearls, the New York Hudson gives the illusion of being weightless while being elegant.

- **Midnight Black**
- **Pearl White**

**Specifications:**
- 1200 mm | 75 Watts
- 230 CMM | 350 RPM
Sleek in its form, streamlined in its function, it’s a monochrome blend, inspired by the subtle contrast within downtown Brooklyn.

1200 mm | 75 Watts
230 CMM | 350 RPM
The Richmond neighbourhood of New York is famous for its modern, stylish and classy look & décor, that’s what inspires the design of this fan. Its long tapering bottom canopy and the almost triangular shaped motor makes the fan truly stand out.

1200 mm | 75 Watts
230 CMM | 380 RPM
JAIPUR

Let your home reflect the grandeur and splendour of the home of royals – Jaipur. The opulent and extravagant designs of the fans in this range truly epitomise the rich culture and vibrant history of this illustrious city.
Soaked in tradition and enhanced with ornate gold work, Jaipur Ghoomar celebrates palatial lifestyle everyday.

The pattern printed on these two models are done using the special process of Tin Printing which is being used for the first time in Fan industry in India. The printed patterns are inspired by the traditional textile art forms of “Minakari” prevalent in Rajasthan.

Abu Black

Makrana White

1200 mm | 75 Watts
230 CMM | 380 RPM
The pattern printed on these two models are done using the special process of Tin Printing which is being used for the first time in Fan industry in India. The printed patterns are inspired by the traditional textile art forms of “Sanganeri” prevalent in Rajasthan.

Andhi Grey

Thar Gold
The design is created in the image of the “Trinetra” form – an indication of the 3 eyes of Lord Shiva or Goddess Durga. The fan is named after the festival of Gangaur. Gana stands for Lord Shiva and Gaur stands for Goddess Durga.
LONDON

Nothing exudes class and sophistication like London. Transport your home to the imperial era with these fans that are reminiscent of the elegant stature and aristocratic heritage of the British capital.
Inspired by the grandiose and elegance of the clock tower, London Big Ben adds that extra opulence to your home.

1200 mm | 80 Watts with Light
230 CMM | 350 RPM | 9 Watts
Natural White Light with Dimmer
Named after the Windsor Castle in London, this fan is a true symbol of royalty with its shining opulence. The colonial style filigree on the motor as well as on the blades along with coloured gemstones, makes it stand out. It is another first in the Indian fan industry.
