Unmatched personalization and customization with ease of DIY

Personalization like never before
Choose from a variety of colors and finishes to match your decor and personality

Customization beyond all possibilities

Faceplates can be created in a wealth of different colors, styles and designs, making it the finishing touch of your own room.

Retain your individuality and uniqueness and take control of the design that you want - your favorite family picture, celebration with your friends, vacation with your spouse, or even your selfie. Bring all of them to life.

Do-It-Yourself with ease

You have never thought of changing a switch plate, have you?
With AvatarOn switches, you can Do-It-Yourself with ease and complete safety. A simple press and pull action completes the cover plate removal and you can simply clip on the new one - no wires, no hassle.

One-handed faceplate change design and One-key Replacement, Change the Way You Like It.

Designed for perfection

Grouping

Say goodbye to bulky switch plates. Whether you need 1 switch or 4 - it can easily be done in the same 2 module sized plates, ensuring a clean look for your walls. These 16AX switches also help you to group multiple loads together and is capable of handling large momentary current loads which is often the case for multiple drop lights or chandeliers.

Patented "SS" Technology

Slim Rocker, Sure Click patented technology not only achieves greater sleekness overall, but the fine deflection which is half of a conventional switch rocker achieves a soft touch and feel, reduces sparks and increases life of the switch.

Careful Workmanship

Finely-crafted appearance, reliable internal performance, and elimination of all safety hazards.

Experience convenience and eye for detail

More than just a switch

From appearance to function, presenting unique design concept of 'Personal Style' for the one who searches far and wide for daily applied science to achieve beautiful fusion of individualized aesthetics and ergonomics.

Locate your switch in the dark

Innovative and leading-edge designer switches with inbuilt LED locator, sends out a soft light in the dark that quietly dims after the light is switched on.

Simplify your everyday actions

Thoughtful and unique functions, gives you convenience right down to the smallest detail - be it a Key Ring Hanger or a USB Charger with Mobile Phone Holder.

Know the quality of the air you breathe

An intelligent device with a PM 2.5 detector that measures and displays accurate information about the quality of air in your home - your call to action!
