**Outer Shell**

The helmet has an aerodynamically optimal shape and weight suitable for racing and overall protection. Made with ABS (Acrylonitrile-Butadiene-Styrene), it is a specialized glass fiber reinforced with special Duroplast Matrix and an additional carbon layer for a sturdy yet lightweight helmet.

**Inner Shell**

Made of specifically optimized EPS (Expanded Poly Styrene) foam, this is a complex multi-zone foam that allows for optimal shock absorption. The EPS can be found on four key areas of the helmet: the top, sides, and the chin area.

**Inner Liner**
Aside from its excellent fit, the helmet’s pad system has a complex ventilation and extraction system for your comfort. The Double-coated CoolMax suspension transports trapped moisture and is a key variable for the helmet’s overall ventilation. The materials used are skin-friendly, anti-allergy, and anti-bacterial. It is also fully removable and washable.

**Clear Visor**
See Clearly. Ride Safely.

The visor is made of 2.0mm thick polycarbonate with hardened coating for the ultimate ride.

**Visor:**
Total Ventilation for Better Visibility.
The visor is made of 2.0mm thick polycarbonate with hardened coating. It has multiple vents to reduce fogging. There are two adjustable head ventilation inlets and multi-way chin vents for targeted and active air distribution and extraction. To avoid that stuffy feeling, the cheek pads are also designed to be cooling.

**OUTER SHELL**
Race and Ride Safely.

The helmet has an aerodynamically optimal shape and weight suitable for racing and overall protection. ABS (Acrylonitrile-Butadiene-Styrene) is a specialized glass fiber reinforced with special Duroplast Matrix and an additional carbon layer for a sturdy yet lightweight helmet.

**INNER SHELL**
Made of specifically optimized EPS (Expanded Poly Styrene) foam, this is a complex multi-zone foam that allows for optimal shock absorption. The EPS can be found on four key areas of the helmet: the top, sides, and the chin area.

**Inner Lining**
Aside from its excellent fit, the helmet’s pad system has a complex ventilation and extraction system for your comfort. The Double-coated CoolMax suspension transports trapped moisture and is a key variable for the helmet’s overall ventilation. The inner materials are skin-friendly, anti-allergy, and anti-bacterial. REAL LECHON IN A CAN!

Have a fiesta anytime, anywhere! The only lechon in a can is finally here! Zero extenders, Zero transfat—just PURE LECHON goodness in a can!

Choose from three scrumptious flavors:
- **Original** - Perfect on its own or with rice
- **Lagablab** - For those who want it with a spicy kick
- **Lechon Paksiw** - Chunky lechon covered in savory sauce

Eat it straight from the can or quickly fry it until crispy! One can can serve 4 people.

Have a fiesta today with Elarz Lechon De Lata!
