

HOW TO GET YOUR LISTING PUBLISHED

For best user experience, we recommend creating new listings on Desktop.

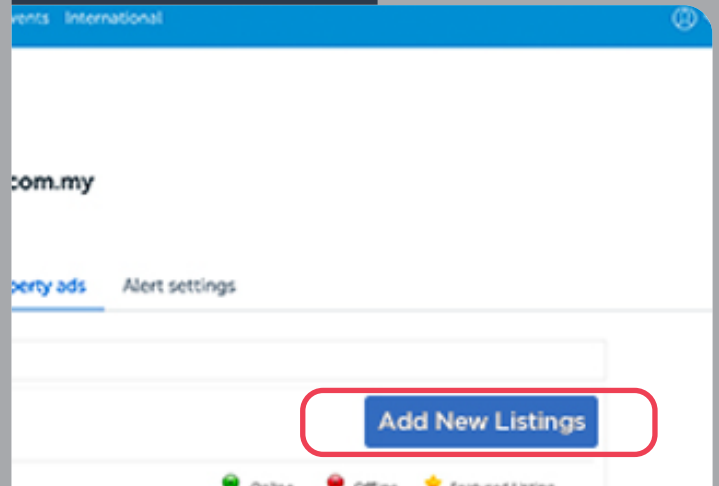

STEP 1

Log In if you're a registered iProperty.com.my user.

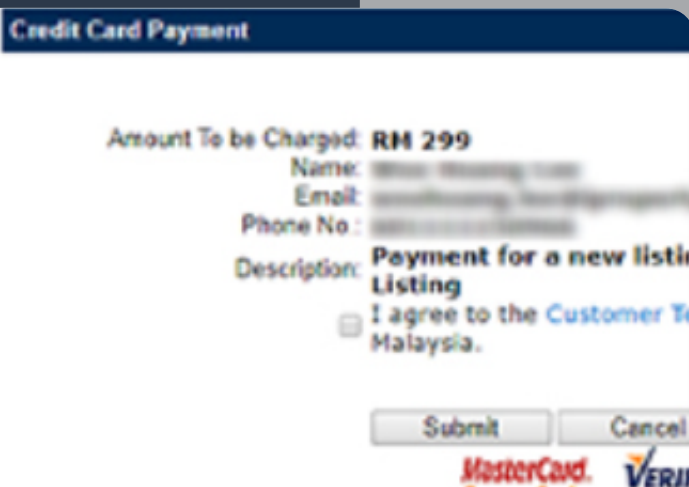

Otherwise, **Sign Up** for a new account.

STEP 2

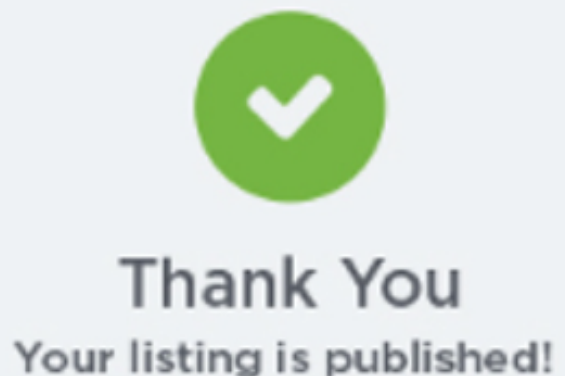

Once logged in, go to **Add New Listings**. Fill in your property details, and upload all related photos. Review your complete listing before confirming it.

STEP 3

You will then be prompted for a **credit card payment** of RM299, to publish our listing for 90 days. Fill in your payment details, and complete the transaction.

STEP 4

Your listing is published! Enquiries will be sent to your registered email address as they come in. To manage existing listings or create new ones, visit **My Property Ads**.
