

Wacom Cintiq Pro 27

Engineered for harmony

Breakthrough performance for inspired creativity. Featuring the pinnacle of Wacom performance, every detail of Wacom Cintiq Pro 27 has been engineered for effortless harmony between creator and tool.

Morphs to the way you make

With customizable weight, grip thickness, pen buttons and center of balance, configure Wacom Pro Pen 3 to suit your style.

Bring your ideas to life with a wave of your hand

Intuitive multi-touch gestures, like panning, zooming and rotating, allow you to completely immerse yourself in your creative process. Seamlessly switching between touch gestures and pen strokes in a single move.

Create with full fluidity

Designed specifically to bring maximum comfort, flexibility and stability to any desktop studio or remote workspace, Wacom Cintiq Pro 27 requires either the Wacom Cintiq Pro 27 Stand* or a compatible VESA 100 monitor arm*.

Make at the speed of imagination

Never break your flow with the freedom of ExpressKeys™. Repositioned in the new rear grip of the display, each key is a shortcut of your choosing. This intuitive design gives you access to your favorite processes before you realize you need them.

Space for yourself

Add the Cintiq Pro 27 Extension Table* (sold separately) to house your keyboard, phone or sketchbook, and use the embedded 1/4" photo threads to mount cameras, microphones and LED lights.

Effortlessly creative

Creating with Wacom Cintiq Pro 27 is an effortless, harmonious experience. Everything about the display plunges you into your inspiration.

Bring power to your palettes

Dive into an astonishing breadth and depth of color, with realistic accuracy of 99% Adobe RGB and 98% DCI-P3 coverage combined with HDR Gamma support and a stunning 120Hz refresh rate. Our Pantone™ Validated and Pantone SkinTone™ Validated display lets you choose from presets for all relevant color spaces used in web design, print design, photography, and video.

More screen, more space

The super slim bezel along with the innovative position of the ExpressKeys, combine for a smaller device that fits more desks.

Enhanced, inside and out

Wacom Cintiq Pro 27 and its packaging use recycled materials wherever possible, making this the most sustainable Cintiq ever.

WACOM® Cintiq Pro

* Sold separately.
