2. About Nisha and Company

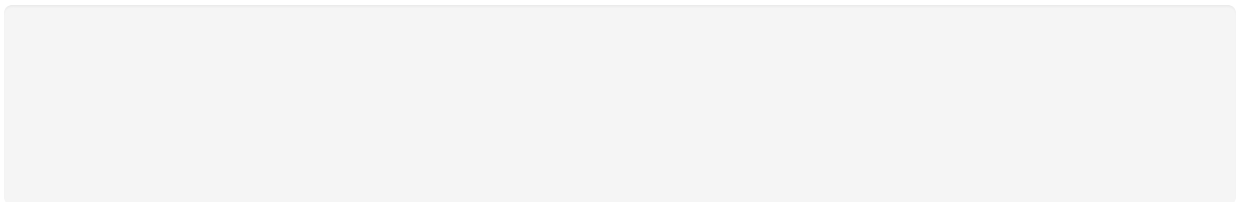

Established in 1987, Nisha and Company has been a trusted name in the tea export industry. With our head office in Trivandrum and a branch office in Maharashtra, we have built a reputation for quality and reliability. Over the years, we have expanded our operations and honed our expertise, ensuring that we deliver only the best to our customers. Our new venture, Millbrew Tea Bags, is a testament to our commitment to excellence. By leveraging our decades of experience and deep understanding of the tea market, we aim to make Millbrew a household name, synonymous with premium quality and exceptional taste.

3. The Essence of Assam: Sourcing Our Tea

Our journey begins in the picturesque hills of Assam, where the finest tea leaves are handpicked by skilled farmers. The unique climate and fertile soil of Assam impart a rich, malty flavor to the tea, making it a favorite among connoisseurs. We ensure that only the best leaves make their way into Millbrew Tea Bags. Our sourcing process is meticulous, involving close collaboration with local farmers who share our commitment to quality. By supporting sustainable farming practices and fair trade, we not only bring you the best tea but also contribute to the well-being of the communities that grow it.

4. Processing Perfection: From Leaf to Bag

Once the leaves are harvested, they are transported to our state-of-the-art processing unit in Coimbatore. Here, the leaves undergo a meticulous process of withering, rolling, fermenting, and drying. Our advanced techniques preserve the natural flavors and aromas, ensuring that every cup of Millbrew tea is a delight. The processing stage is crucial in transforming fresh leaves into the perfect tea, and we spare no effort in maintaining the highest standards. Our team of experts oversees every step, from the initial withering to the final packaging, to ensure that the tea retains its distinctive character and quality.

5. Packaging Excellence: Ensuring Freshness

At Millbrew, we understand the importance of freshness. Our tea bags are carefully packed in Coimbatore, using high-quality materials that lock in the flavor and aroma. Each bag is designed to provide a perfect brew, whether you're at home, in the office, or on the go. Our packaging process is designed to protect the tea from moisture, light, and air, which can degrade its quality. By using innovative packaging solutions, we ensure that Millbrew Tea Bags deliver the same fresh, vibrant taste from the moment they are packed to the moment they are brewed.

6. Ready for You: The Consumer Experience
