

# Cordyline

A low maintenance plant that is known to purify the air, Cordyline is a preferred choice of many. Its hardy and drought tolerant nature makes it one of the easiest plants to grow with minimal watering and a bright light indoor environment.

## Location

indoor to semi-indoor

## Ease of Care

easy to grow

## Light

these can adapt to areas that get partial sunlight and partial shade.

## Watering

let the soil dry between waterings. during winter, reduce watering. too much water can kill the plant.

## Special Feature

air purifying

## Toxicity

toxic if ingested

## Sad Plant Signs

yellow leaves:  
overwatered

crispy, dry leaves:  
thirsty plant, underwatered

inhale, exhale. it is well.
