

# Red Palm

This is one of the more elegant and colorful palms that with its bright red stem stands out in any setting. They are easy to care for and stunning to look at. Their stiff fan shaped leaves give them a unique appearance.

## Location

semi-indoor

## Ease of Care

medium level care

## Light

they can tolerate medium light conditions. we recommend placing them in partial shade with decent exposure to sunlight

## Watering

let the soil dry between waterings. during winter, reduce watering. too much water can kill the plant.

## Special Feature

stunning appearance

## Toxicity

not toxic

## Sad Plant Signs

brown crispy tips:  
thirsty plant, low humidity

yellowing leaves, black stems:  
overwatered

be obsessed with your own potential
