

Green Aralia

Aralia is a plant suitable for indoors and landscaping. The distinct leaves of an aralia are rounded, or spinach shaped and the color of the leaves are green. This plant is unique and exotic looking.

Location

semi-indoor

Ease of Care

easy to grow

Light

they can tolerate medium light conditions. we recommend placing them in partial shade with decent exposure to sunlight

Watering

let the soil dry between waterings. during winter, reduce watering. too much water can kill the plant.

Special Feature

minimal beauty

Toxicity

mildly toxic if ingested

Sad Plant Signs

drooping leaves:
sudden location change, dry air

root rot:
overwatered
