

Ficus Safari

Ficus Safari is a wonderful and incredibly rewarding plant with attractive foliage. Gardeners value this small, compact plant for its thick, variegated foliage, and ease of care.

Location

semi-indoor

Ease of Care

easy to grow

Light

they can tolerate medium light conditions. we recommend placing them in partial shade with decent exposure to sunlight

Watering

let the soil dry between waterings. during winter, reduce watering. too much water can kill the plant.

Special Feature

unique foliage

Toxicity

mildly toxic if ingested

Sad Plant Signs

root or stem rot:
wet soil

falling leaves:
underwatered

all plants keep their light
