

Lucky Bamboo

Interestingly enough, this is actually not bamboo at all, but a type of dracaena. Yet, lucky bamboo looks a lot like real bamboo, and shares the same meanings and symbolism in feng shui. It's a really lovely addition to most homes, especially if you love the look of bamboo.

Location

indoor

Ease of Care

easy to grow

Light

these can adapt to areas that get partial sunlight and partial shade.

Watering

let the soil dry between waterings.
if growing in a water vase, change the water weekly.

Special Feature

eye-catching form

Toxicity

not toxic

Sad Plant Signs

yellowing leaves:
too much sunlight

soft, fragile stem:
poor water quality

We are what we repeatedly do
