

BE THE **GOOD ENERGY** YOU WANT TO **GOOD FOOD**

Cooking Stone

Bio+ Cooking Stone is made from pure minerals like Calcium, Magnesium, Tourmaline and more, which makes cooking food better like never before. These minerals help ensure the Cooking Stone to perform its functions.

ADVANTAGES

Enhances taste

Adds essential minerals like Calcium, Magnesium, Sodium & Potassium

Slightly increases around 1 pH, making food Alkaline & hence healthier

Faster boiling

Helps keep all the essential minerals of food intact

Making fluffier rice & more

APPLICATION AND USE

- Put the stone in boiling water to enhance water for drinking purposes
- Cooking any kind of food
- Keep the stone in cooked food, avoiding fungi or bacterial growth
- Facilitates lower boiling point for any liquid, ensuring faster boiling, saving time and cost of cooking food
