# FURNITURE ADHESIVES

TE\_ADH\_01

**TUSKbond JMD D3** - Waterproof Wood Glue - for an endless array of applications, to suit varying temperature, humidity and weather conditions, indoors and outdoors. TUSKbond JMD D3, a copolymer dispersion with high solids & cross-linking polymer is boiling water resistant, fast setting, fast drying, specially formulated for edge-to-edge hard wood bonding, postforming, hot pressing, parquet flooring and for all tuff applications. TUSKbond JMD D3 is very economical due to its high coverage capacity. Indigenously developed with Japanese knowhow, TUSKbond JMD is D3 bonding quality as per DIN EN 204 norms and is qualitative enough to compete global challenge.

**TUSKbond Carpenter's PRIDE** – Water Resistant Wood Adhesive – A premium quality VAM based copolymer dispersion with D3 contents. High solids gives excellent resistance to water, fast setting, excellent bond strength & high coverage. Specially formulated for modular furniture industries where laminates pasting & pressing are done manually or with hot & cold press. It is ideal for post forming, wooden handicrafts, furniture & various other domestic/industrial applications.

Carpenter's PRIDE surpasses the ISI specifications IS : 4835. Carpenter's PRIDE is available in 50 kg, 20 kg, 10 Kg, 5 kg, 2 kg & 1 kg packs.

TE\_ADH\_03

**TUSKbond HITACK - PVC To Wood Adhesive** - is EVA based copolymer dispersion specially formulated for bonding soft and semi-rigid PVC substrate to wood, particleboard, MDF and other wood substitutes. The product has excellent results and is economical too in fixing laminates, acrylic sheets to Ply board / MDF / PVC & WPC Board, PVC tiles on floors, etc. TUSKbond HITACK works well with single side application for most of the applications. Two side application is recommended for highly porous surfaces & instant setting. TUSKbond HITACK has an edge over rubber adhesives in laminate to Ply/MDF pasting applications. HITACK is available in 20 kg, 5 kg, 1 kg & 250 gm packs

TE\_ADH\_04

**TUSKbond GOLD - Premium Quality Wood Adhesive** – A premium quality VAM based copolymer dispersion with high solids and water repellent polymer gives excellent resistance to water, fast Setting, excellent bond strength & excellent coverage. Specially formulated for handicraft & furniture industry and used in hard wood joinery, vertical, curved & horizontal pressing of laminates and to those applications where other adhesives under perform. TUSKbond GOLD surpasses the ISI specifications IS : 4835. TUSKbond GOLD is carpenters' delight and is used by the people who believes in QUALITY. GOLD is available in 50 Kg, 20 kg, 10 kg, 5 kg & 1 kg packs.

TE\_ADH\_05

**TUSKbond SPIDER CPA** – Corner Pasting Adhesive is a water based low viscous, high solids EVA Copolymer Dispersion with excellent bond strength and high coverage. The versatile TUSKbond SPIDER CPA is a user-friendly adhesive recommended for making duplex cartons with laminated to non-laminated & varnished to non-varnished surfaces either manually or through wheel /cam /roller machine applications. Besides duplex cartons it is widely used in making paper carry bags in corner pasting, folded base & handle pasting applications. It is also used in making window envelopes, tags, diaries, packaging, paper handicrafts, etc.

**COMPLIANCES :** The ingredients used in TUSKbond SPIDER CPA complies to compositional requirements of US FDA, CFR Title 21, Sec. 175.105.

SPIDER CPA is available in 55 kg pack only.

TE\_ADH\_06

**TUSKbond STAR** – Paper Bag Adhesive - VAM based copolymer dispersion is a premium quality adhesive specially formulated for paper bags industries in pasting paper bags bottom through machine/manual applications. The versatile STAR is also used in paper handicrafts, diary, packaging & in various other industrial applications.

**COMPLIANCES :** The ingredients used in TUSKbond STAR complies to compositional requirements of US FDA, CFR Title 21, Sec. 175.10

STAR is available in 50 kg pack only.
