## List of Experiments:

- **Different smart materials associated with smart building.**
  - Identifying smart construction materials
  - Applications in smart buildings
  - Pros and Cons of smart materials over conventional materials
  - Preparing a detailed report on the above context
- **Technology involved in different construction of smart building.**
  - Smart construction techniques
  - Need of smart construction techniques
  - Prepare a detailed report on smart construction of smart building
- **GIS and GPS applications in context to smart cities**
  - Prepare a report on applications of GIS and GPS in smart city.
