

GUJARAT TECHNOLOGICAL UNIVERSITY

Program Name: Engineering

Level: Diploma

Branch: Mining Engineering

Course / Subject Code: DI03022031

Course / Subject Name: Surface Mining Technology

w. e. f. Academic Year:	2024-25
Semester:	3 rd
Category of the Course:	PCC

Prerequisite:	Nil
Rationale:	The mining engineers are involved in the mine development, supervision of mining operations, etc. Being mining diploma graduate, he/she should be able to select suitable method of working starting from feasibility study, development, production, reclamation and post mining rehabilitation techniques for the socio – economic sustainability of surface mining projects. After completing this course, the student will select suitable machines and design a perfect layout with high degree of accuracy as intended in this course.

Course Outcome:

After Completion of the Course, Student will able to:

No.	Course Outcomes	RBT Level
01	Describe various points to be considered for selection of applicability, feasibility, planning and designing of a suitable surface mining method.	R
02	Explain all geotechnical and economical parameters considered during development operation of a surface mine.	U
03	Design a suitable pattern of blast holes to achieve the required blasting result.	U/A
04	Justify a sustainable mode of excavation and transportation system suitable for a particular condition.	U
05	Describe various environmental impact parameters considered for a surface mine.	R

**Revised Bloom's Taxonomy (RBT)*

GUJARAT TECHNOLOGICAL UNIVERSITY

Program Name: Engineering

Level: Diploma

Branch: Mining Engineering

Course / Subject Code: DI03022031

Course / Subject Name: Surface Mining Technology

Teaching and Examination Scheme:

Teaching Scheme (in Hours)			Total Credits L+T+ (PR/2)	Assessment Pattern and Marks				Total Marks
L	T	PR		C	Theory		Tutorial / Practical	
			ESE (E)		PA(M)	PA(I)	ESE (V)	
4	0	0	4	70	30	0	0	100

Course Content:

Unit No.	Content	No. of Hours	% of Weightage
1.	<p>Surface Mining:</p> <p>1.1 Introduction of surface mining –</p> <p>1.1.1 Applicable conditions for surface mining methods</p> <p style="margin-left: 20px;">(i) Stripping ratio</p> <p style="margin-left: 20px;">(ii) Break even stripping ratio</p> <p>1.1.2 Types of Surface mining methods</p> <p style="margin-left: 20px;">(i) Strip mining</p> <p style="margin-left: 20px;">(ii) Open-pit mining</p> <p style="margin-left: 20px;">(iii) Mountain top removal</p> <p style="margin-left: 20px;">(iv) Dredging</p> <p style="margin-left: 20px;">(v) High wall mining</p> <p>1.1.3 Advantages & disadvantages of surface mining methods</p> <p>1.2 Preliminary investigation of surface mining – Feasibility study – Various points considered in feasibility report</p> <p style="margin-left: 20px;">(i) Type of reserve</p> <p style="margin-left: 20px;">(ii) Market value and cost</p> <p style="margin-left: 20px;">(iii) Transport facilities</p> <p style="margin-left: 20px;">(iv) Power supplying facilities</p> <p style="margin-left: 20px;">(v) Availability of water resources</p> <p style="margin-left: 20px;">(vi) Environmental conditions</p> <p style="margin-left: 20px;">(vii) Presence of nearby township</p> <p style="margin-left: 20px;">(viii) Availability of skilled labor</p> <p style="margin-left: 20px;">(ix) Local Topography</p> <p style="margin-left: 20px;">(x) Geotechnical parameters</p>	10	17

GUJARAT TECHNOLOGICAL UNIVERSITY

Program Name: Engineering

Level: Diploma

Branch: Mining Engineering

Course / Subject Code: DI03022031

Course / Subject Name: Surface Mining Technology

Suggested Project List:-

- a) Prepare a report on working method of Surface mine visited by you.
- b) Design a flow sheet of mining activities conducted on surface mine with equipment/machines involved.
- c) Calculate number of excavator machines required for a given targeted production.
- d) Design a blasting layout for bench blasting.
- e) Prepare a chart showing applicable condition with transportation method.
- f) Prepare a flowchart showing various impacts of surface mining on environment.

Suggested Activities for Students:

1. Prepare posters on any relevant topic.
