

GUJARAT TECHNOLOGICAL UNIVERSITY

Programme: Master of Business Administration

Semester: 2

Branch: Innovation, Entrepreneurship and Venture Development

Subject Name: Action Learning Segment - 1

Subject Code: N2529406

Rationale: Action Learning Segment (ALS) is aimed to structure your ideas into reality form with all possible checkpoints before you launch or enter into market. This ALS will be executed during second semester of first year in the form of Startup Residency Program. Startup Residency program is designed to give students to work in a startup as an integral part of start team to learn the lean approached being adopted in startup and delivers the assignments. Students may choose startup within or outside the incubation unit or also can work with incubation unit for the Startup Residency Program. Selection and placement in startups will be made through institution and incubation unit will ensure and make necessary arrangement towards this for quality engagement and learning outcomes.

ALS-1, which is similar to **Startup Residency Program** and students need to be present at the selected premises. ALS-1 will be carried out in align with Capstone Project 1, 2, 3 and Skill Certifications, to scale up into next level. While selecting the Incubator or Startup, it should be relevant to your proposed idea on which you have started your journey of MBA-IEV. Student can't change the idea by his own without prior discussion and approval from Faculty Mentor and Program Coordinator through proper communication channel (via email). For finalizing the Incubator or Startups, Faculty Mentor and Program Coordinator should be informed and take opinion.
