SHRI LABHUBHAI TRIVEDI INSTITUTE
OF ENGINEERING & TECHNOLOGY

Organizes

Two Days National seminar
On
“Sustainable Water & Waste Management”
13th-14th September, 2019
Friday & Saturday

Sponsored and Supported by
GUJARAT TECHNOLOGICAL UNIVERSITY
About the Program

The World Health Organization (WHO) considers access to safe drinking water basic human rights. The exponential growth of human activities coupled with urbanization lead to the industrial revolution and progress. As part of this growth, environmental pollutants increasing in quantity and becoming more varied, more toxic, and more difficult to dispose off or degrade. Looking to the current issues and challenges to manage the quality of Environment, advanced techniques are to be explored for sustainable development. The seminar aims to explore advanced treatment technologies available for managing various Environmental pollution due to wastewater, air, noise, construction & demolition waste, municipal solid waste, hazardous waste and biomedical waste.

Eminent Speakers

Experts from IIT, NIT, Premier Universities, other reputed organizations and Professionals, will deliver the Expert talk.

Audiences

Faculties and Students of Engineering colleges / polytechnics and working professionals of private sectors / public sectors / Municipal Corporations/ in the field of Environmental Engineering/Civil Engineering.
