SkillsBuild

SkillsBuild is a multimodal digital learning platform developed by IBM to help learners find their way to their dream careers. A completely free of cost platform, it helps students explore courses in new age technology, professional skills & job readiness.

What SkillsBuild offers ?

- **Essential Skills:** Represent the industry knowledge and modern ways of working that professionals need to be successful in a digital innovation economy
- **Professional Skills:** An understanding of key skills for professional success and core soft skills needed in the today's workforce.
- **Job Readiness Skills:** Readiness skills make sure you are knowledgeable about preparing for a new job and succeeding in the workplace.

What is Unique about SkillsBuild?

Experiential Learning

Personalised Coaching

Industry Recognised Badges

Job Employment Opportunities

Key Takeaways from the Webinar:

- Insights into the growing digital skill continuum in India & the role of the NEP
- Orientation to the SkillsBuild platform and its unique offerings
- Application of the platform to the curriculum
