

Dear Directors, Principals

Prime Minister Shri Narendra Modi will interact with IT Professionals who have made India, an IT superpower. Thousands of IT Professionals will gather at Jawaharlal Nehru Stadium, on Wednesday 24th October 2018, at 4 pm. There will be rallies of IT Professionals simultaneously in Chennai, Bengaluru, Hyderabad, Pune, Mumbai and other IT hubs.

The Prime Minister, in his interaction with IT Professionals will chart out the future direction, the IT Industry in India should take and the new opportunities available globally. The Prime Minister will also emphasise on all round innovation and particularly in IT in India.

This sector has the potential to grow further and create millions of jobs in India and outside. This interaction will be very important for engineering students to view and listen. Therefore, the Ministry of Human Resource Development desires that a large number of IIT, IIIT, NIT and Engineering college students view this program. It will add to their knowledge and help them understand the future of IT more clearly.

In this regard, it is requested that arrangements be made for public viewing of this program through our network through screens or relay the telecast of this program on DD News channel for benefit of students and faculty. It is also advised that all faculty and students get to know about this program and about our arrangements.

We are sure that a large number of students and teachers will view this program.

Please also ensure that the feedback of the participants can be sent to: self4societymhrd@gmail.com

Also, it is advised that all the important points of this program are shared on all social media sites, so that those who have not attended will also get a glimpse of this program.
