

Greetings from All India Council for Technical Education!

Creating a Digital Learning Environment in Higher Education is not just about convenience for students, its about preparing them for the future. Moreover, most students have grown up online and will expect the same level of technology in their learning environment as in their day to day lives.

Keeping the above objective in mind, AICTE desires to know the effective use of Digital Techniques in AICTE approved Institutions.

In this regard, please find below a link for simple online survey form to let us know your Institutions contribution towards this objective.

http://www.facilities.aicte-india.org/survey/digital_techniques.php

You are kindly requested to submit the online survey form on or before 5th November, 2018(05:00 PM).
