

GUJARAT TECHNOLOGICAL UNIVERSITY

Pharm D. Admission 2025-26

Important Notice for students and parents seeking admission to first year PHARM D. 2025-26.

It is important to note here that pharmacy institutes receive seat approvals every year in the form of an **Extension of Approval** from the **Pharmacy Council of India (PCI)**. Based on this approval, students are granted admission and, after successful completion of the course, are issued a license. For this reason, it is necessary for the seats to be approved **before** admissions begin.

For the academic year 2025-26, the Pharmacy Council of India has **granted new institute approvals**. The **approval for existing institutes** is expected to be issued soon. However, as of **17.07.2025**, only a few active institutes have received the Extension of Approval for 2025–26, and most of the existing institutes have **not yet received it**.

In view of these circumstances, **detailed admission-related procedures will be announced on 30.07.2025**. This decision has been made in the **larger interest of students** to avoid any confusion or complications during the admission process.

Hence, all students seeking admission to the first year of Pharm.D program, as well as their parents and institutes, are informed that the next update/schedule will be published on 30.07.2025.

The interested students and parents are requested to keep visit website for latest update: <https://gtuadm.samarth.edu.in/>.
