About Short Term Training Program

The objective of this online Short Term Training Programs is to conduct training for Librarians to prepare them for being successful, effective, to provide a dynamic and quality user centered library and information services that enhance teaching, learning and research while inculcating life-long learning skills and fostering human development. The Library brings high quality, scholarly information resources and services to the University and Institutes.

This Training Program is an effort to assist Librarians in:

- To enhance professional skills in Library;
- In taking library and information services beyond the four-walls of the libraries;
- To use ICT tools for effective user services;
- To produce need-based instructional materials for the users;
- To discover new areas of research and enquiry in the field of library science.

About The GTU—Library

Students should have good Research Projects and for that Again and Again “Search” will happen through the support of e-Library access and that too with latest technology “RemoteXS”. With this thought GTU e-Library has born for its all stake holders under the guidance of members of “Library Advisory Committee”. GTU Library has subscribed and created the knowledge exploration of E-Library by procuring e-Resources. GTU has procured K-hub Virtual Library resources for Pharmacy and Management Scholars. The K-hub Pharmacy database provides access to 1348 e-journals, 751 e-books, and 6 e-News Papers. GTU e-library portal contains GTU Repository (PG Thesis, PhD Thesis), Study Material and Subjective Presentation.
