

Regional Research Symposium on PBL (RRSPBL) 2021

Regional Research Symposium on PBL (RRSPBL) is hosted once in two years in collaboration with UNESCO Aalborg Centre for Problem Based Learning in Engineering Science and Sustainability Aalborg University, Denmark. This Symposium is aimed at building a movement of PBL practitioners and researchers, in India specifically. The first RRSPBL was hosted in 2019 by KLE Technological University, Hubballi, Karnataka(www.rrspbl.co.in). It was supported by AICTE as well as Industry. The event had 208 participants from 26 Institutions representing 07 states of our country. RRSPBL 2021 is planned to be hosted during June 18-19,2021. It is going to be a VIRTUAL CONFERENCE, unlike the previous edition. RRSPBL 2021 is being hosted by Karnataka State Higher Education Council, Bengaluru. They have been chosen interdisciplinary learning experiences and sustainable development goals as two themes for RRSPBL 2021.

The event will have inspiring keynotes, case studies, plenary sessions, panel discussions and a number of workshops offered by experts from academia and industry. The Association of AICTE will help reach out to institutions in the country in addition to bringing credibility.

In view of the above, AICTE request your institute kindly disseminate this information among all students & faculty member so they can avail the benefit from Regional Research Symposium on PBL (RRSPBL).

Please find attached the flyer for your reference.
