Formation of Team GTU Motorsports – Formula Student Team GTU

Various institutions affiliated to Gujarat Technological University (GTU) have been participating at various levels of national and international Automotive Design Series Competition. After having interactions at various levels it was found that these teams can participate in multiple competitions and challenges annually and deliver their excellence. GTU has been pioneering in bringing intervention and sphere heading best practices which have been attempted at various college levels.

Gujarat Technological University believes that given a support system at central level, infusing better resource capital, extending superior hand holding facility and bootstrapping complimentary skill sets of various teams and their members these students can outperform any other team at national and international level. Such arguments were well appreciated by highest authority at GTU and further steps are being initiated to galvanize the spirit and deliver a far-reaching impact.

G.T.U. has taken an initiative to form a team, Team GTU Motorsports for the event like Formula Student India & Supra SAEINDIA. It is a design competition which follows the standards of the prestigious Formula SAE/Formula Student competitions held across the world. Focus of this competition is on safety, good engineering practice, engineering design and education of the participating students.

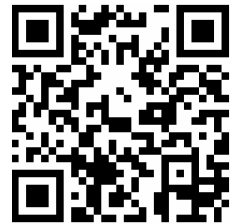

Undergraduates pursuing engineering, management or arts, who are willing to work in tech and non-tech department can apply to be a part of the team. Interested students can apply for the team formation process by filling up the form in the link given below or scan the QR code:
