Maputo, Mozambique: U.S. Embassy Issues Travel Alert on Updated Anti-Infection Measures

1 Asset(s) Potentially Affected by this Other Security event.

Distance from alert to nearest asset: 1.3 km

On Thursday, the U.S. Embassy in Maputo issued the following Travel Alert for U.S. citizens in Mozambique:

On January 13, President Nyusi announced new mitigation measures to combat COVID-19, effective from January 15 for 21 days. (Please note that this information is taken directly from President Nyusi s speech and will be updated once the official regulations are published.)

Some of the measures include:

- All incoming travelers must present a negative test for COVID-19.
- All persons displaying respiratory symptoms or fever must stay home.
- Restaurants and similar venues will observe the following schedule: Monday to Friday from 0600 to 2000, Saturday and Sunday from 0600 to 1500.
- Commercial establishments must close at 1800.
- Discos, bars and stalls selling alcoholic beverages will remain closed.
- The sale of alcoholic beverages by bottle stores, greengrocers or supermarkets is only allowed between 0800 and 1300 from Monday to Saturday.
- Cultural and recreational activities in cinemas, theatres, museums, galleries, cultural centers and catering establishments are suspended.
- Gyms, swimming pools and other sports venues dedicated to the practice of physical exercises will remain closed.
- The beaches are closed for purposes of physical and leisure activities; however, this restriction does not apply to sidewalks, pedestrian zones and boardwalks adjacent to beaches.
- Private events are limited to 30 people (50 if outdoors), physical distancing of 2 meters between people must be observed, and events must be finished by 2000.
- Worship services, conferences and other types of meetings must be limited to 50 people.
- Expired official documents are valid until May 30, 2021 (U.S. citizens are advised to check the Boletim da Republica when it is released to confirm this date).
- Teleworking is recommended, in particular for people at higher risk.

The entire Health Alert can be viewed at the following link: <https://www.osac.gov/Content/Report/0d3e12cd-8913-452...>
