Please log into [Tracker](#) for the latest information or [click here](#) for an up-to-date list of affected individuals and assets in the impacted area.

EXPOSURE IN IMPACTED AREA ONLY

Location	There Now	There in next 24 hours	There in next 1-7 days	There while the alert is active
Glasgow	1	1	1	1
TOTAL	1	1	1	1

EXPOSURE BY COUNTRY

Location	There Now	There in next 24 hours	There in next 1-7 days	There while the alert is active
United Kingdom (Low Risk)	28	28	32	35

Staff in the UK in the coming days should continue to plan journeys accounting for disruption due to adverse weather conditions. The Met Office has issued yellow warnings (lowest on a three-tier scale) for heavy rain and potential flooding **until at least 21 February** for south-western parts of England, central and southern parts of Scotland and most parts of Wales. Reconfirm the feasibility of journeys before setting out in affected areas.
