

THE IBC ASIA VIP PROGRAMME

Bespoke events, Targeted introductions, Facilitated meeting services, Personalised Service

Become a VIP!

IBC Asia's VIP Programme is an invitation only based network of the absolute top decision makers across specific industries. Our VIPs get an exclusively designed and tailored programme that enables them to network, indulge and enjoy, whilst experiencing a premium service for the duration of this event.

Dedicated to helping you find the most effective way of engaging with professionals and industry solution providers at our event, and scheduled alongside the main event line-up, it gives you an opportunity to glean benefits from the conference as well, and ensures that you get the most of your time on site with us.

1-2-1 Meeting Service

We help you optimise your time and investment at the conference by pre-scheduling meetings with your peers, speakers and other participants you may want to meet.

Closed Door Think Tank

Headlined by an exclusive Keynote Address only for our VIP clients, this forum is on an invitation only basis. It is conducted under 'Chatham House Rules' and designed to facilitate exchange of ideas, promote debate and seek solutions shaping the future of the industry.

The VIP Lounge

The VIP Lounge is the perfect place for our VIP guests to have private meetings, relax and re-charge with on demand catering. Fully equipped with business communication infrastructure, this is ideal for a quiet getaway amongst the hustle bustle.

Opening Ceremony

Get access to priority seats, be the first to engage with key speakers and other top decision makers to get ROI on your time spent.

Your Interview, Promoted Exclusively

On site, during the conference, should you have the inclination to share your expertise on industry outlook and strategic imperatives in the long run, and share your VIP experience, IBC will publicise that vis its extensive digital marketing outreach.

A personalised VIP agenda will be sent to you via email upon receiving the confirmation of your registration.

We understand the importance of the personal approach!

If you would like to enquire about taking advantage of any of these exclusive services, please contact
