Advanced Warehouse Operations, Contracts & Claims

4 Modules | 12-15 October 2020 | 1:30pm-5:00pm (SGT) | Live Online Learning

WHY LIVE ONLINE LEARNING

The current Covid-19 pandemic has put strains on various areas of business, especially when it comes to deriving commercial value from new initiatives. During this phase of self-isolation and working from home, we can help you meet your professional development needs and you can still take your professional development plans to the next level.

To support your learning goals we have converted our face-to-face trainings to LIVE Online Sessions. This way you can continue to attend live and interactive training sessions within the virtual classroom space where you can see and speak, with your Subject Matter Expert and other participants.

- Progress through the course with fellow participants as you would in a classroom
- 20% price advantage, plus travel budget savings
- Controlled environment with speaker managing the Q&A and discussions
- Module based approach to help manage your time
- Earn your Digital Certification and broadcast your achievements to your peer

Trainer/Participant Interaction

- Conduct Q&A with course directors in real time
- Interactive format including breakouts, group discussions, real-time collaborative exercises and sharing of results
- Engage in live tests & polling, get immediate results and evaluations
- Chat with your fellow participants with text messages or by voice
- Follow online presentations or whiteboards in real-time
- Virtually "raise hand" to put forward Q&As with trainers
- Seamlessly receive case studies, video, documents

Learning Platform

GoToTraining

Hardware/Software Requirements

- Desktop or mobile device manufactured no earlier than 2016
- WiFi Connection, Cable or Fibre Broadband with minimum 1 Mbps of bandwidth available
- A USB headset with microphone, or a microphone and speakers built into your device

Participant Onboarding

1. Book a demo **here**: <https://www.goto.com/training>
2. Alternatively, request a personal onboarding session with Informa (only for confirmed participants) by contacting: register@informa.com

ABOUT THE COURSE

This seminar offers advanced-level strategies in warehouse operations from global perspectives. Highlighting real-world case studies, attendees will explore practical approaches to inventory storage efficiency, process improvement, customer satisfaction and improving bottom lines.

Throughout the 2 days, attendees will receive updates on global warehousing market trends & investments; and exercises in with productivity measurement & benchmarking, layout & asset optimisation; key considerations on financial management and third-party logistics contract negotiations. The employment of technology and value-added activities to meet customer requirements will also be explored. The programme offers immediately actionable insights to those seeking a better understanding of warehouse operations, technology adoption and transformation.

COURSE DIRECTOR

Gwynne Richards, Director/Principal Consultant, Apprise Consulting

Gwynne has 40 years' experience within logistics & supply chain management and is recognised for his ability in cost reduction and performance improvement for global clients. He has worked for companies including Dawson Group, Lane Group plc, Danzas, DHL and has managed contracts for Dupont, Dyson, Little Tikes, Miele, Nokia among many more. His recent works include:
