Geddit?

Thank you for getting us back into the building

We sincerely thank all our supporters and contributors for helping us reach our goal of MYR 100,000, allowing us to rewire the building right in time for Geddit. The contribution meant our evangelistic efforts could continue in full swing with over 300 guests coming through our doors to enjoy thought-provoking conversations about God over good food and each other's company. Most importantly they'll **be challenged to experience having true life under Christ.**

CERC is expanding so that the Gospel can reach further

We thank God for making available the ground floor for rental. This will increase our monthly rental overhead by MYR 4,500, while renovating it will cost MYR 260,000. Besides providing an important overflow for our main gatherings, it will also function as the new entrance and therefore a vital greeting space, as well as providing space for more Tertiary Growth Groups and Youths to meet weekly. In addition, we envisage for more moms and babies at our gatherings. The space should be able to fit up to 9 moms and babies in creche while experiencing a live feed of the main gathering upstairs. Long term, the hall will be able to accommodate a bigger crowd when the church has bigger events like Combined Gatherings, Geddit, Good Friday, Easter and Christmas.

This Growth Accommodation Project (GAP) would commence in October 2018. Please help us with this important addition to the available facilities.

A commitment to growing space for Gospel Ministry

We have been careful to be cost-effective in our expenditure on the building over the past 10 years. A lot of investments have gone into the building to ensure it is maintained and equipped for various ministries.

We therefore hope to recoup this investment and to move away from the long-term burden of renting this building. We believe that owning this building, which works well after all our efforts, is good stewardship especially in current market conditions.

The building has been valued at MYR 3 million and is up for sale. We have already saved MYR 400,000 over the years and we just need another MYR 200,000 by the end of 2018 to secure the deposit.

Our prayer is that CERC will continue to grow faithful ministry and disciple many men and women to obedience of faith in the years to come. Your support is vital for the work of the Lord here in CERC.

CERC will celebrate its 10th Foundation Day at Camp!

For our 10th year celebrations, for the first time in our history we have invited a special guest to be our Camp speaker - the Rvd Phillip D Jensen. Pastor Robin was brought to Christ by Phillip's preaching and subsequently did his apprenticeship under him before he went to Moore Theological College. He will be seeing the fruit of his work from Sydney brought all the way here to Malaysia for the first time, and we hope to develop a godly understanding of the implications of God's grace for the church, individuals and families from Ephesians!

Here is also to celebrate our 10th year. Dr. David Peterson is preaching to us on two Sundays, on the 9th and 16th September 2018. Dr David has been brought in for his expertise on the book of Hebrews by the Gospel Growth Fellowship for the Word Works ministry, and is also an old friend and supporter of CERC.

All in all we are thankful for these older church leaders who are willing to give us their time and encouragement in the Lord's ministry. It has been constantly challenging and support brings much needed help.
