CCLI Song No. 7051831

A million stars illuminate the skies  
As shepherds watched their flock of sheep by night  
Bethlehem of old, a prophecy foretold  
There God's incarnate Word took on flesh

Darkness fell across the barren plain  
As heaven watched, the Son gave up His strength  
The innocent became, the Lamb who took my shame  
No greater love than this for you and me

A multitude of heavenly host praised God of heaven and earth  
For unto us is born, the Saviour of the world

Love, magnificent love  
Jesus, You came, You dwelled with us  
Everlasting God and King  
Yet You gave Your everything  
No other worthy of outstanding praise  
Love, magnificent love  
Jesus, You said, peace be on earth  
Star of hope and majesty, yet You came to set me free  
I love because You first loved me

I love because You first loved me
