## SIGN UP AND GET MORE DISCOUNT

Please note that

- Free local delivery with min. purchase of SGD50, otherwise SGD20 delivery charge will apply.
- Oversea delivery fee is subjected to extra charge.
- Please write in remarks if you want to do "SELF COLLECTION" or "CASH ON DELIVERY".
- Self-collection will be located at our Head Office.
- An email will be sent to you to confirm the exact date of delivery.

How to request a quotation

Click on the grey button [Request For Quotation] at the shopping cart page. We will get back to you as soon as possible.

TeSys contactors

LC1D and LC1F types for DOL (Direct On Line) motor control

Life Is On

Schneider Electric

1. TeSys D (LC1D) contactors  
9-150A - 3P

2. TeSys F (LC1F) contactors  
115-800A - 3P

3.1. Auxiliary contacts for  
TeSys contactors

3.2. Mechanical timers for  
TeSys D contactors

3.3. Surge suppressor  
modules for TeSys D (LC1D)  
contactors

TeSys D (LC1D) contactors - 9-150A (AC-3)

A TeSys D contactor offers you quick simple setup, while maintaining a compact size of 45 (9 to 38A) and 55 mm (40 to 65 A) as well as compliance with international standards. From 40 to 65A versions are equipped with EverLink™, this patented terminal technology, ensures a permanent tightening quality even in the event of conductor creep.

Safety

- Safe and long-lasting power connection with Everlink and spring terminals
- Suitable for safety applications thanks to mechanically linked and mirror contacts (compliant with IEC 60947-4-1 and IEC 60947-5-1)
- Identification of safety chain with red cover and aux contact

Efficiency

- Recognized high performances and quality solutions
- Outstanding breaking/making capacity up to 20In
- Multi-standard : IEC, UL, CCC, EAC, Marine, etc.

Continuity of service

- Certified type 1 and 2 coordination tables
- Worldwide availability of products and after sales services

PLC direct connection

- TeSys D is the only contactor range with full compatibility with PLC input/output from 9A to 65A.
- TeSys D low consumption DC coil (BL references) uses only 100mA inrush and sealed from 9 to 38A
- New TeSys D Green (BBE coil references) is compatible with digital I/O
