

InMobi Android Pokkt Mediation

Prerequisites

- Supports InMobi version 5.1.0 and above.
- Please create account at www.inmobi.com
- There is no direct extension is available for this so please download the latest Android SDK and create own extension for this. Please follow the below link: <https://support.inmobi.com/monetize/integration/android/android-sdk-integration-guide/#getting-started>.
- Please read instructions at <https://support.inmobi.com/monetize/integration/android/android-sdk-integration-guide/#creating-interstitial-or-native-int> to understand how rewarded video works.
- Register your property in InMobi account/dashboard.
- Go to the Monetize tab and click the spanner icon next to your property. Your Placement ID is displayed. Copy this value and use it in the integration code.

Configuration in Application

- Add created InMobi extension as a subproject in your main project. You need to update this info in .mkb file of main project.
- Add the necessary permissions for InMobi as suggested in InMobi integration document to your application Android Manifest xml.
- Add the recommended activities, broadcast receiver and meta data to your Android Manifest xml.

Code changes

- There is nothing to do in coding. Pokkt native extension will be taking care of everything.
- Please declare class name along with package name “com.pokkt.thirdparty.InMobiNetwork.java” and other details in your POKKT account Dashboard for InMobi network setting.
